Historiography is the study of the methods of historians in developing history as an academic discipline, and by extension is any body of historical work on a particular subject. The historiography of a specific topic covers how historians have studied that topic using particular sources, techniques, and theoretical approaches.

### **Historiography - Wikipedia**

Social media penetrate our lives: Facebook, YouTube, Twitter and many other platforms define daily habits of communication and creative production. This book studies the rise of social media, providing both a historical and a critical analysis of the emergence of major platforms in the context of a rapidly changing ecosystem of connective media.

A history of German film dealing with individual films as works of art has long been needed. Existing histories tend to treat cinema as an economic rather than an aesthetic phenomenon; earlier surveys that do engage with individual films do not include films of recent decades. This book treats representative films from the beginnings of German film to the present.
