Installation art 1 Installation art Installation art describes an artistic genre of site-specific, three-dimensional works designed to transform a viewer's perception of a space. Generally, the term is applied to interior spaces, whereas exterior interventions are often called

Installation art - Saylor Academy

History of bearings For centuries, man had to rely on his own power to push or pull large objects over the earth. The concept of a bearing “to lessen friction between an object and the surface over which it is moved” is nearly as old as man himself. The first solution to relieving some of this sliding friction was recorded as early as 3,500 B.C.
