adaptive interaction | Download eBook PDF/EPUB

Adaptive learning and adaptive utility The first dimension of learning that we explore is the process by which individuals revise their subjective probabilities of the outcomes based on experience.

Adaptive Learning, Adaptive Utility, and Rational Behavior

The Adaptive Systems and Interaction group pursues advances in principles of intelligence and interaction and applications of these advances to enhance computational systems and interfaces. The team includes groups exploring foundations of sensing, learning, and decision making, search and retrieval, and human-computer interaction.

Adaptive Systems and Interaction Group - Microsoft Research

The framework is designed to tackle the adaptive, ecological, and bounded nature of human behaviour. It is designed to help scientists and practitioners reason about why people choose to behave as they do and to explain which strategies people choose in response to utility, ecology, and cognitive information processing mechanisms.
